

ONE FOUNDATION

Spreading love at the festival of light

Celebrating Choti Diwali as
Community Festival.

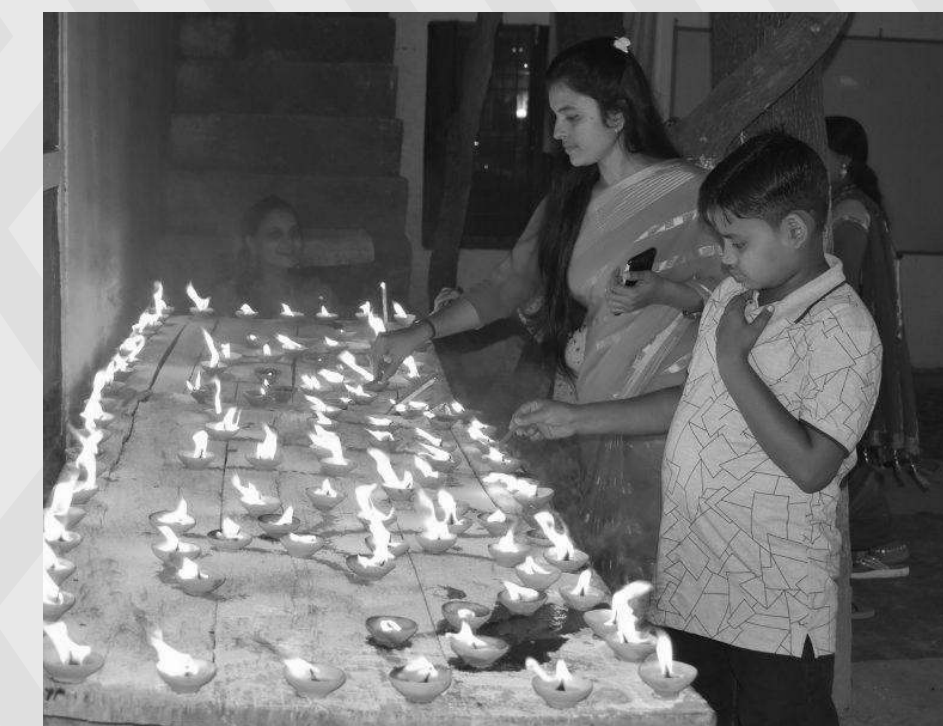

| Introduction

This Diwali we are reviving back the old traditions of love with the joint effort of community

Since 2021, we have been celebrating Diwali by inviting people for celebration & dinner. But it felt like a private event instead of a community event. This time, we are making it for the community, by the community.

Everyone is invited – no barriers.
